2nd EU-China Health Summit on Medical Innovation, Medical Informatics, Medical Imaging and Medical Technology Transfer

Building a Healthier Global Community with AI and MI³

Call for Papers, extended Abstracts, ePosters, and Workshops

Following the successful cooperation of CMIA and EFMI on the 1st EU-China Health Summit on 25th of August 2019 in Lyon, France with MedInfo2019 (https://efmi.org/eu-china-health-summit/), the 2nd EU-China Health Summit on Medical Innovation and Technology Transfer will be hosted by CPDE, CMIA, CTA, and CHIMS in China on October 21-25, 2020 as a hybrid conference with sessions in Beijing and remotely. The summit will cover topics in Medical Imaging, Health Informatics, Medical Innovation and technology knowledge transfer, and artificial intelligence, with the aim to advance cooperation and promote the exchange of medical knowledge.

The summit invites contributions regular papers (5 pages), posters (1 page), and workshops (2 pages) to the summit addressing specific topics in the MI³ areas, as follows:

- Medical Imaging physics and processing
- Findable Accessible Interoperable Reusable (FAIR) Health Data Sets
- Health technology standards and interoperability
- Robotics of health and social care
- Citizen engagement with digital health technology
- Mobile health assessment and contact tracing apps
- Digital health for nursing and rehabilitation
- Health technology in Living environments and the Internet of Things
- Digital health technology for emergency care
- AI in Health and Wellness Technology
- AI in the hospital of the future
- Privacy, ethics, and Cyber-security in the AI age.

Timeline

- 31.8.2020: Deadline paper and short paper submission
- 30.9.2020: Author notification of acceptance
- 15.10.2020 Mandatory papers and short papers authors’ registration
- 21-25.10.2020: Summit days

Program Committee

- Zhi Yang, CMIA, China
- Catherine Chronaki, EFMI, Belgium/Greece
- Lars Lindsköld, EFMI, Sweden
- Ying (Helen) Wu, IMIA, China
- Inge Madsen, EFMI Nursing WG, Denmark
- Dongsheng Zhao, CMIA, China
- Robert Fischer, K4I, Belgium
- Lisheng Xu, CMIA, China
- Luis Garcia-Castrillo Riesgo, EUSEM, Spain
• Jie Liu, CMIA, China
• Wei Jie, Chinese Academy of Emergency Physicians
• Teng Ma, The 2nd Hospital of Shandong University, China
