Dear Colleagues and Digital Health Enthusiasts,

We are pleased to launch the Jubilee 5th Edition of the DigiHealthDay, the premier international Digital Health Research, Education, and Networking Series, hosted by the European Campus Rottal-Inn of the Deggendorf Institute of Technology (DIT-ECRI), in collaboration with our esteemed PARTNERS, DONORS, and SPONSORS.

DigiHealthDayS-2024 invite you to explore the forefront of Digital Health and its pivotal role in addressing current healthcare challenges. The Series begins with a pre-conference DigiHealthDay Workshops in spring and runs until fall, culminating in the main activities held on the premises of European Campus Rottal-Inn (and streamed online) in November 11-15, 2024. With a history of excellence, highlighted by last year’s growth to 1,323 registrations from 105 countries, we promise an even more action-packed and enriching Digital Health experience.

DIT-ECRI, the cradle of the Innovative, Interdisciplinary, and International (I³) Master of Digital Health (MDH) program, continues to lead in Digital Health Education. In addition to DigiHealthDay Workshops, this year as well, the exclusive Blended Intensive Program on Artificial Intelligence for Health, co-funded by Erasmus Plus, will be offered by world-renowned academics before and during the DigiHealthWeek of November 11-15.

JOIN US to delve into an exceptional program, meticulously curated by preeminent EXPERTS in the field, featuring a spectrum of topics such as AI Research, Ethics, and Regulation, the European Health Data Space (EHDS), Innovation and Entrepreneurship, and Education in Digital Health, among others. Our goal is to unite diverse stakeholders in a collaborative environment, fostering unity and synergy to advance Digital Health on a global scale. The event will be filled with keynote speeches from leading experts, engaging panel discussions, scientific presentations, student session and unparalleled networking opportunities.

SECURE YOUR SPOT now for continuous updates and to connect with our vibrant international Digital Health community.

REGISTER, if you have not already and ensure you are well-informed about our distinguished speakers and dynamic program, including the year-round DigiHealthDay Workshops. Read the TESTIMONIALS from the previous year’s edition to feel the vibe.

STAY UPDATED by following us on LinkedIn, Facebook, and Instagram.

We eagerly anticipate welcoming you, either in person or virtually, to the heart of Europe, for unforgettable DigiHealthDayS-2024. Let’s celebrate this Jubilee Edition together!

Warm regards,
